

Maximize your chair time by with an incredible tool! The YouVersion Bible app can help you establish a great new habit. If you have never tried it, your first step is to download the app from your app store.

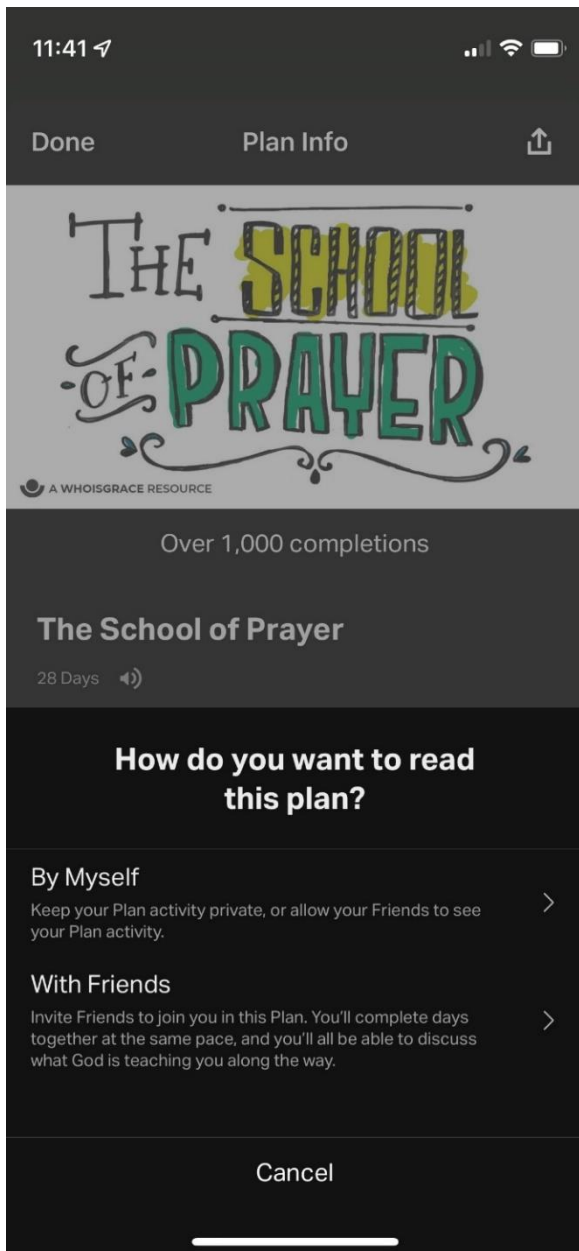

Once you have the app downloaded open it, choose the search icon (magnifying glass), and search “whoisgrace” to locate the READ plans written by our Grace Church writing team.

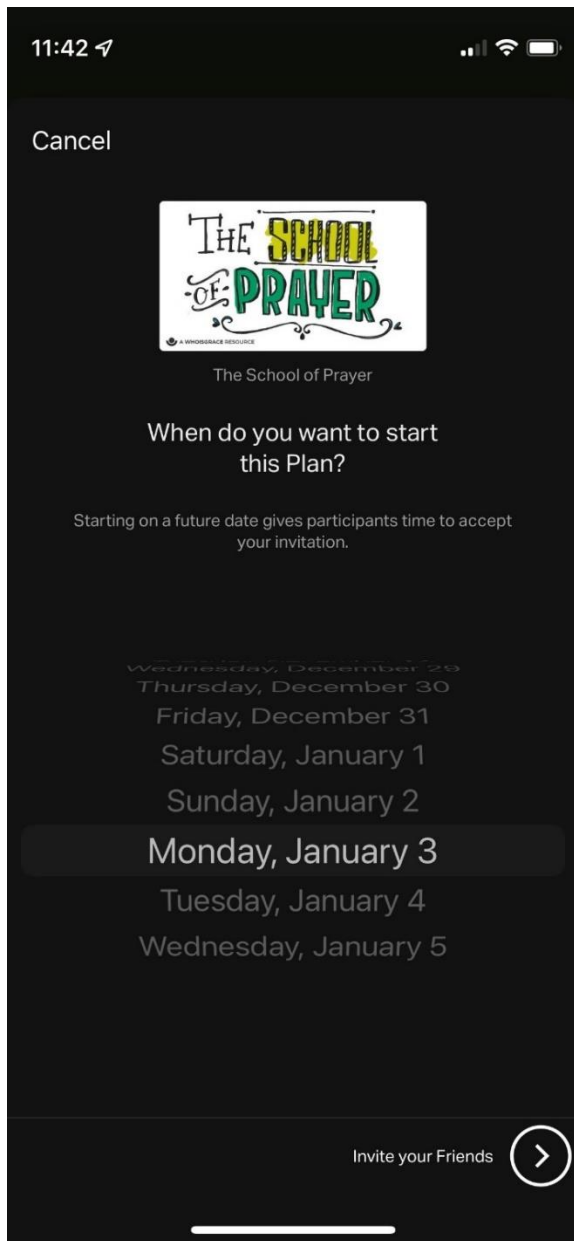

Even better, if you're ready to level up your YouVersion experience, the best way to do that is to find at least one other person and invite them to follow a plan with you! To do that, just select "start plan."

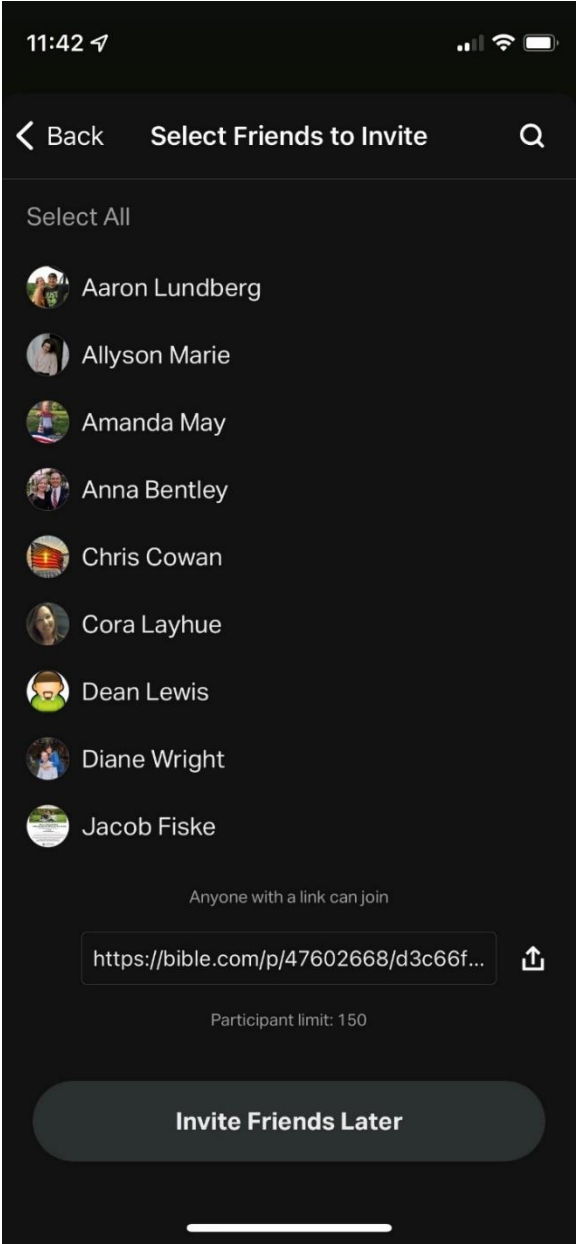

Choose to read this plan “with friends.”

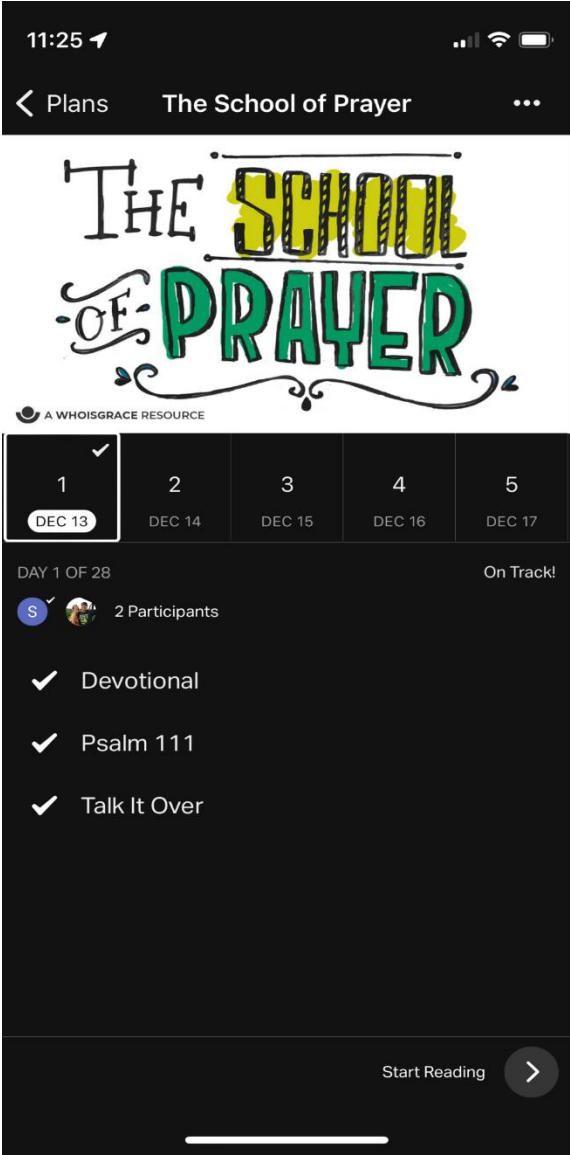

You are able to select your preferred start date.

Then, you can invite your friends by selecting them from your list or by sending them a link via text, email or direct message

Why read with a friend? Because it will help you stay accountable- you and your friends can see one another's progress through the plan,

But more than that, you can “talk it over” each day of the plan. So, no matter when in the day you Find Your Chair, you’re able to leave thoughts and comments for your friend.
